Methownet, LLC
Connecting the Methow Valley since 1995

Methownet, LLC, a subsidiary of Okanogan County Electric Co-op

Methownet, LLC – Connecting the Methow Valley since 1995 *Newsletter, September 2026*

Fiber Availability: We're building a future-proof fiber network to connect the Methow Valley. Fiber is now available from Twisp to Carlton. Send an email to mnfiber@methownet.com to request an estimate.

Office Hours

Did we miss you? We promise we are not playing hooky!

Thank you for being patient with us while we manage our workload. We pride ourselves on providing individual attention to customers.

- Front office closures: To better focus on each customer, we occasionally must limit open office hours to appointments only on high volume days.
- Please call 996-2022 or email us and we will respond as soon as possible. We have a phone tree (loud groaning from audience) – this was necessary to distribute the workload amongst ourselves and better respond to customer needs.

Phone 509-996-2022, extensions

1. Fiber scheduling – grant area
2. Report damage from fiber build activity
3. Billing and Smarthub questions
4. New Customers – sign up for service
5. Technical Support

Grant-funded Fiber Infrastructure Build: Winthrop to Mazama

Backbone → Cabinets → Distribution Lines → Drops to Homes → Internal Network → Go Time - Service Active!

1. 2. 3. 4. 5. 6.

Crews are working to beat the snow for equipment placement. We're still on track for completion in the ARPA grant fund build area by December 2026, barring any disruption events.

This is a community wide project. Working together we will get this large infrastructure built on schedule and within budget. If you can't be here: delegate a neighbor or a friend to be a representative. As a community we need to work together so that everyone receives this gift :)

Fiber Questions - email mnfiber@methownet.com | Contractor Feedback – email Methowfiber@Teamcannon.com

As always, we are here to help. Call anytime! We appreciate you, Methownet, LLC 509-996-2022
